BATMAN: THREE JOKERS

Three and Three and Three Is Sixteen

What do you have when you add three *Jason Fabok* Premium Variant Covers for each issue of ***Batman: Three Jokers,*** the three-issue Prestige-Format Black Label series by *Geoff Johns & Jason Fabok* that resolves the years-long mystery of why—and how—there are three Jokers? You have sixteen *Jason Fabok* covers, that's what!

Okay, let's walk through the math. DC was already offering two Fabok covers for each issue—one Joker cover and one cover featuring a major member of the Bat-cast (as well as a 1:25 and 1:100 variant, artist to be announced). But now DC is adding ten more covers to the mix, bringing the total number of Fabok covers to sixteen—one of which will be an ultra-rare variant, one copy of which will be available only to stores who have ordered fifty each of the nine Premium Variants.

Okay, this is another one of those complicated comics formulae, so beer with us: According to DC, "Along with the main cover and open-to-order variant cover, each issue of ***Batman: Three Jokers*** will have three Premium Variant Covers, showcasing Fabok's interpretation of a different face of The Joker's madness from throughout DC history. All nine of the Premium Variant Covers mirror Fabok's main covers for the three-issue series, giving a close-up look at even more of The Joker's terrifying incarnations." DC's VP of Sales *Nancy Spears* described this as "a unique item similar to a retailer exclusive cover, but at a lower buy-in cost."

Here's where it gets complicated, though: the minimum order for each Premium Variant cover is fifty copies. That means that comic shop have to order at least fifty copies—any order less than that will not qualify for *any* copies of the Premium Variant cover.

If a comic shop orders fifty each of all nine Premium Variant covers, they will qualify to get one copy of the ***Batman: Three Jokers #3*** "compilation" Premium Variant Cover, which combines all nine Premium Variant Covers and the three main covers; collecting 12 of Fabok's creepy and compelling headshots of The Joker into one cover. Yes, that this is a 1:450 variant!

The Premium Variant offerings include:

- ***Batman: Three Jokers #1 Premium Variant A*** (Red Hood)
- ***Batman: Three Jokers #1 Premium Variant B*** (Joker Fish)
- ***Batman: Three Jokers #1 Premium Variant C*** (Bomb)

- ***Batman: Three Jokers #2 Premium Variant D*** (Behind Bars)
- ***Batman: Three Jokers #2 Premium Variant E*** ("Death in the Family" Top Hat and Monocle)
- ***Batman: Three Jokers #2 Premium Variant F*** (Applying Makeup)
- ***Batman: Three Jokers #3 Premium Variant G*** (***Killing Joke*** Hawaiian Shirt and Camera)
- ***Batman: Three Jokers #3 Premium Variant H*** (Stand-Up Comedian)
- ***Batman: Three Jokers #3 Premium Variant I*** ("Endgame" Mohawk)
- ***Batman: Three Jokers #3 Premium Variant J*** ("compilation" combining the nine Premium Variant covers and three main covers)

Check with staff at your friendly neighborhood comic shop requiring price and availability of these Premium Variants.

That's not the only ***Batman: Three Jokers*** special offering from DC : the publisher is also offering promotional cards in bundles of 25. Shops will receive one bundle of 25 cards for each 25 copies of ***Three Jokers*** they order, with a different card for each issue. The cards include:

- ***Batman: Three Jokers #1*** card features The Joker and Batman.
- ***Batman: Three Jokers #2*** card features The Joker and Batgirl.
- ***Batman: Three Jokers #3*** card features The Joker and Red Hood.

Aliens and Predators and Marvel—Oh My!

Marvel is pretty happy about an ***Alien*** invasion.

Beginning in 2021, ***Alien*** and ***Predator*** and ***Alien Vs. Predator***—some of science fiction's most successful cinematic franchises—will make Marvel their home.

It was almost a third of a century ago that Dark Horse Comics launched their first ***Aliens*** project. ***Predator*** followed a few years later, and ***Aliens Vs. Predator*** a few years after that. But the Dark Horse era for these franchises will be coming to an end as 2020 wraps up, paving the way for a dramatic new relaunch at Marvel. "Marvel's new stories will draw from all of these properties, building on decades of multimedia storytelling," Marvel said in announcing the project.

"There's nothing more thrilling than a story that will keep you at the edge of your seat, and ***Alien*** and ***Predator*** have delivered that time and time again!" Marvel editor-in-chief *C.B. Cebulski* told **ign.com**. "I can clearly remember where I was when I saw each of these modern masterpieces for the first time, and reveling in how both masterfully weave extraterrestrial dread and drama into some of the most iconic scenes we've ever seen on film. And it's that legacy that we're going to live up to!"

"The incredible legacies of both franchises offer some of the most compelling and exciting worldbuilding in all of science fiction," Marvel Editor *Jake Thomas* added. "It is a thrill and an honor to be able to add to that mythology and continuity with all-new stories set within those universes."

"***Alien*** and ***Predator*** are the two of the most identifiable, iconic characters of all time, and I love them for that," said *David Finch*, who provided the ***Alien*** and ***Predator*** teaser art. "But mostly, it's being fortunate enough to be a kid when they were new. I've seen every movie they've ever been in, and I cannot wait to see them wreaking havoc in the Marvel Universe. I drew my pictures of them with a massive smile on my face."

"As a visual medium, comics are the perfect place to build on those moments, and we here at Marvel are honored to begin telling these stories for fans everywhere," added Cebulski. "As our release schedule continues to return, we can't wait to share more in the coming months!"

Look for more details in the next few months as Marvel reveals more plans for its new titles and creative teams, as well as its reprint collections.
